

Spriegel PrayerNet

July 2011

May God be gracious to us and bless us and make his face shine upon us, that your ways may be known on the earth, your salvation among all nations. Psalm 67:1

We believe that Tenwek's CT project is in God's plan to make His name known in Kenya, and we sense that His face is shining on us.

CT Project Moves On!

On rounds today, John took care of four patients that would benefit from a CT scan. Each week families have to pay to transport patients to another facility 1½ to 3 hours away to get scans. We look forward to when we can offer this to our patients here at Tenwek.

Thanks much for praying and giving to this project since last fall. We don't know all your stories, but we were touched when friends informed us they were selling some furniture to be able to give generously to the project. With God's help, and each of us doing our part, we believe this project will be completed soon! We are down to the last two months. *Pray for a quick arrival for the big UPS which will run the CT scanner as its delay is threatening completion of the project by our commissioning date.*

Some have asked why the CT project budget has increased. Big electronic items were part of the rise in cost, but it is largely related to the project expanding to include a two-story building behind the X-ray area. This started with building rooms to house services which the CT project was displacing, and expanded to include areas for other needs. Our new HIV pharmacy, new outpatient eye clinic, new exam rooms and toilets, will greatly enhance Tenwek's ability to serve outpatients excellently in the name of Christ.

So how are we coming on various parts of the project?

Things completed (or nearly):

- √ Arrival of CT scanner and lead shielding from USA.
- √ Remodeling rooms for the CT scanner and electronics.
- √ Installation of a large power cable to the CT scan area.
- √ Installation of air conditioning in essential rooms.
- √ CT Printer and Digital Capture X-ray equipment installed.
- √ One more radiographer hired.
- √ \$180,000 in gifts have been received plus matching funds from an anonymous foundation.

Yet to happen:

- Arrival and installation of a large UPS which will power the CT scanner. Now in-transit from Europe, this UPS installation is delaying the project.
- Transport epoxy for installation from South Africa
- Installation and testing of the CT scanner by the South African based support engineers.
- Training of our radiographers to operate the CT scanner.
- Remodeling of the radiologist's office and waiting room.
- Hire four more radiographers (need a total of 8).
- Raise \$170,000 more in gifts, which in combination with a matching grant, will complete the entire project.
- Commissioning Celebration scheduled for September 6th and 7th.

Finishing touches on the CT room and window to control room.

Workmen finish rear side of the two story building.

CT Project (cont.)

Thank God for how He has provided so far! We are especially thankful for visiting radiologists who are beginning to sign up to staff Tenwek on a rotating basis.

Join with us in praying that in these next weeks many details would come together so that the CT scanner would be operational by the beginning of September. And pray for the needed funds. If you want to give online, point your browser to www.wgm.org/page.aspx?pid=6558. Otherwise, you can send your donation to WGM at the address on the bottom of this page.

Family Update

Joel, Rebecca and Julia smile while a rhino eyes them from behind.

Having completed 7th and 10th grades this year, Joel, Julia and Rebecca are looking forward to doing their schooling at Rift Valley Academy beginning the end of August. We thank God for each of their hearts for God and for their growth in many ways during this past school year.

Tabitha Ministry

We are amazed at all God is doing in the women's work – new studies have begun, hundreds of Bibles distributed, house and gift cow projects with local churches to needy families continue. God's Word is touching peoples' lives. See <http://tabithakenya.blogspot.com> for a recent posting and current prayer requests.

Happy leaders receiving 300 Bibles in one of our more distant areas of studies. Some of the women had been waiting for two years for Bibles.

Visit to the US

July 18-August 16 we will be visiting our families and friends in the US. If you are near Monroe EFC in Phillips, NE on July 31 or The Chapel, in St. Joseph, MI on August 7, we would love to visit with you. We will be greeting the morning services in both places, and sharing in SS at Monroe. Since this is probably the only time our girls will be stateside before they graduate in 2013, we are also visiting 4-5 colleges.

Pray for the Lord's leading in every encounter with family, friends, churches, and colleges. May God accomplish his purposes in, through and for us.

Thank you for partnering with us as we serve God's people in Kenya. *John & Linda
Rebecca, Julia & Joel*
